

AAW Cabinet Maker Pty Ltd.

ABN 71 622 144 058

BPC Registration CDB-L 100180

Let's bring your vision to life.

Nearly 30 years ago, our owner Leon began making wardrobes in a small factory, welcoming customers into his home as a showroom. Today, AAW is a family-run business with a dedicated team and our own factory in Cheltenham, creating everything from bespoke cabinetry to full house renovations. Registered and insured, we undertake all types of joinery for new builds and renovations, including complete home transformations. Through every stage, we bring personal care and experience to the spaces you call home.

YOU ARE HERE

1 Consultation in our showroom

Our designer will guide you with the materials, finishes and hardware to suit your style and budget.

2 Proposal with a 3D image

A proposal with a 3D image so you can picture your project.

Please note: this is not an official quote.

3 Confirm materials, measurements, quote and deposit

We confirm your materials and measurements, provide your official quote and arrange the deposit. Together, we discuss inclusions, exclusions, the timeline, schedule and insurance.

4 In-house design discussion

Our in-house designer takes you through the design on the big screen, so you see your vision come to life before we start.

5 Sign-off and insurance

Sign off on drawings and specifications. Insurance is registered.

6 Production

Your joinery goes into production.

7 Walk-through

See and touch your project in person before it is installed.

8 Installation

We install your project and stay with you through to final handover, so you are 100% happy.
